## Board proposal for a change of statutes

### Article 8.2: Timing of the General Assembly

Honored Assembly,

since the COVID Pandemic the General Meetings have shifted to the 2nd half of the year. This practice is not in line with the current statutes. The board proposes to change the statutes to provide more flexibility for the future planning of the annual General Meeting and asks the assembly to discuss, modify and decide about this proposal for changing the statutes of the EMFU.

“8.2 The General Meeting is the assembly of the delegates of full Members. A General Meeting shall take place at least once a year ~~before the end of May.~~”
